SUBJECT:

13 July Meeting of China Intelligence
Activities Coordination Group (CIACG)
to Discuss China Intelligence Needs

1. I am sure you will be interested in the attached memo which has just gone out to the various Departmental and Agency Representatives to the CIACG.

2. As you see, we shall be meeting on 13 July to discuss my proposal for a study project which will attempt to bring clearer definition to the needs for intelligence on China now and in the future. I have asked certain DDI offices to assist in our consideration of how to go about the project, and have issued an invitation to OPPB to monitor the meeting if they wish. I hope very much that you or [Redacted] will be able to attend as the DDP Representative to the CIACG.
